Program: Coding
Grade: 7 & 8
Module: Web Development
Lesson: 02

Homework

Once upon a time, Jake dreamed of a perfect vacation. He built a website to share his dream trip and added sections for accommodation, activities, and travel tips. His friends loved exploring Jake's website and were inspired to plan their own adventures.

Now, it's your turn to extend your Dream Vacation Website with exciting new sections such as accommodation, activities, and travel tips!

Let's create an image to illustrate this story.
